- **Chennai (Velachery):** Programmes begin March 2027

Registrations for the inaugural intake are open now; UWA is encouraging early applications to secure a seat in this first cohort

Note: While standard programs follow the September/March timeline, the MBA cohort for both campuses launches early in **November 2026**.

Document Checklist

(Undergraduate)

- ✓ Class XII mark sheet and certificate
- ✓ No separate entrance test required; admission is based on Class XII board results
- ✓ For BSc Computer Science and Data Science specifically: a scaled score of at least 50 in Mathematics Methods ATAR or equivalent is required, meaning a strong Class XII Maths result matters here.
- ✓ Passport-size photographs, ID proof
- ✓ Statement of purpose
(recommended, check current requirement with counsellor)

Programmes on Offer

Computer Science, Cyber Security, Data Science, Artificial Intelligence, Business Management, Global Business, Enterprise and Innovation, Economics, MBA, and Master of Information Technology.

UWA plans to expand to more than **20 majors** as the campuses grow.

Cost Snapshot

Studying the same UWA degree in India costs roughly ₹52–58 lakh across the course, compared to approximately ₹1.38 crore for the equivalent Perth experience once relocation and living costs are factored in.
